Registration of Players and Eligibility

(1) All player registrations are subject to the approval of the Management Committee. Following the initial group registrations of players, any additional player will be automatically registered when they play their first match provided that the name and address of the player is in the hands of the Registration Secretary within 14 days of their appearance. Otherwise, their sets will be forfeited.

The name and address is held on a password protected database and is used to uniquely identify the player and if needed for any written correspondence. It is destroyed when the player, club or the Tennis Committee cancel the registration.

The name together with the name of the club is used on public player registration lists, published online match cards and press reports. Online match cards are destroyed after three years.

Player's statutory rights are not affected. Published names can be replaced if you request that from the Tennis League Committee.

2) (i) Players become committed to a match once their first point has been played. If a match is abandoned, the away captain should provide the names of the players to the home captain to be entered on the card for eligibility purposes.

(ii) A player becomes committed to a club in any one competition once he/she has played his /her first point.

(3) During the season, all players are deemed to be ranked to the highest team for which they have played for on two occasions (three occasions in the mixed league). They may play in that team or one team down. Should they play for a higher team on two occasions (three occasions in the mixed league), they are automatically re-ranked to that team. After four completed matches, three men in the men's, three ladies in the ladies, three players in the mixed and *one boy plus one girl* in the junior competitions must be nominated as permanent members of the 'A' team below which they cannot play. They would have been expected to represent the team in at least two of the first four league matches. If a club has two teams in Division 1 the above numbers should be increased by one.

(4) A player may be re-ranked for a lower team but will not be eligible to play for that team until 6 days after the receipt of the application to allow for Committee consultation and the Registration Secretary notifies them.

(5) Player registration closes at 11.55pm on July 31st.

(6) In order to field a team **in a league match**, (cups excluded), the lowest team of any club in the bottom two divisions may loan registered players from another club with the approval of the loaning club.

Loaned players must not have played in that division or higher for their own club that season. However, a team in the bottom division may use players from any club in that division whether they have played or not. Loaned players should be of no higher standard than players of the team they are loaned to.

A loaned player must be declared as such on the match card and sets scored as normal.

See Rule (i) re playing unregistered/ineligible players in order to field a full team.

7. (a) In multi-team clubs, players should be selected in order of ability. Lower ranked players shall not play above higher ranked players.

If it appears that a lower team has been artificially strengthened, the Administrative Committee may score sets in the lower team's match 6-0.

(b) A player in a lower team may play in a higher team but cannot represent two teams in the same fixture week, unless the fixture date has been altered by the Administrative Committee. However, in the Junior League players may play more than once in the same fixture week on two occasions during the season.

c) If a team does not have a match for any reason, a player cannot play for the team immediately below if they have played two or more league matches for the higher teams than they have played for the team below. If a club has broken this rule, the same criteria will then be applied to all its lower teams playing in that fixture week.

(d) In the second half of the season a player who has played half or more of their league matches for the higher team cannot play for the lower team if that leaves the higher team weakened or short of players.

(e) In the event of a team being short of players, a scale of fines shall be imposed as follows:

No. of players missing	Men's Mixed & Ladies' Leagues	Junior League
1 or 2	£5	£2.50
3 or 4	£10	
5 or 6	N/A	

When a club's higher team is short of player(s) for a particular match, then points may be deducted from all lower teams, with fixtures on that day, as follows:

First offence - one point; Second offence - two pts; Third Offence - three pts.

In the event of a Cup match, the lower team is eliminated.

See also Match Rule 6 (iv) for juniors.

(f) In the last two fixture weeks of Division 1 of the men's, ladies and mixed competitions a player must have played for their team or a lower team in at least three league matches in that competition **prior** to the last two fixture weeks in order to play in any of the last two fixture weeks. Full-time students aged 18 or over, living away from home in term time (who must be registered as such before the 1st July), are exempted from this restriction. Any club having more than one team in Division 1 have their second team exempt from this rule.

In Division 1 of the Junior competition, a player must have played for their team or a lower team in at least three matches league in that competition **prior** to the last two fixture weeks in order to play in any of the last two fixture weeks.

In all other divisions, with the exception of the Junior League, only players who have played for their club in that competition at least **once prior** to the last two fixture weeks are eligible to play.

The Match Secretary must be informed in advance of the match of any player that is required for the lowest team who has not played at least twice and confirmation given that they are clearly of no higher standard than the player they are replacing.

(g) Any queries regarding a player's eligibility should be referred to the Match Secretary before the match.

(h) All ineligible players' sets will be recorded conceded 6-0.

(i) In order to field a full team, unregistered or ineligible players may be included providing that they are declared as such and their results conceded 6-0.

MATCH RULES

1. The competing teams in each division shall play home and away matches against each other, and the clubs in each division securing the highest number of points by the end of the season shall receive trophies. The winners shall be entitled to hold the trophies for one year and these trophies shall never become the absolute property of any club.

2. Each club shall provide a minimum of two outdoor match courts. Matches must not be played on indoor courts. *Juniors may play two matches on three courts.*

When there is a match where the team must play on a mix of surfaces then the home team should switch rather than the away team.

2. Each club shall provide a minimum of two outdoor match courts. Matches must not be played on indoor courts. *Juniors may play two matches on three courts.*

3. Each club must provide a first aid box for use in case of accident.

4. For League and Cup matches, net adjusters are desirable but not mandatory.

5. (a) The match card shall be filled up before the game is started, the home captain to fill in the names of his players' first, followed by the visiting captain. Both captains shall see and sign the card which must be posted online within 48 hours of the completion of the match by the home team captain. A fine of £10.00 will be imposed for late posting. If a player's full name is not entered, the home team will incur a fine of £5.

The home team should retain the card until the end of the season.

(b) The home team captain shall decide the order of play of the home team couples.

6. In the event of a team failing to appear for a match, the defaulting team shall lose the match by the maximum score.

(i) a fine of £20 (Juniors £10) will be imposed, which will be increased if the opponents and the Match Secretary are not notified at least 72 hours before the scheduled match.

When a club is fined for failing to fulfil a fixture, the league will pass this onto the non-defaulting club.

(ii) The lowest junior team entered shall not incur a fine when failing to turn out or turning out short when 24 hours' notice has been given to the opposition.

(iii) Any team that has had three complete no shows will have that team removed from the league and all results expunged.

7. Play shall be continuous without undue delay between sets. Knock-ups in all competitions shall not exceed five minutes. Any unwarranted delay should be agreed and accepted by the non-defaulting team captain. If he thinks the delay unreasonable (over 15 minutes), the match shall continue and the normal procedure of protest shall be applied if the unwarranted delay is the sole reason for the non-completion of the match on the allotted evening. The times of commencement of matches shall be stated on all score cards by the visiting captain. If a late start is made, the reason shall be specified on the card and the defaulting team fined £5.00 (£2.50 juniors). Sets claimed should not be played.

8. Play may continue under floodlights providing both captains are in agreement. No set should commence after 10.30pm.

9. The home team shall be responsible for providing at least three new LTA nominated Dunlop balls per court for each match. For junior matches the balls need not be new but must be of good quality.

CODE OF CONDUCT

1. To avoid confusion, the serving side should call the score between points.

2. Players should enter the score legibly on the match card at the completion of the set.

3. All players must show respect for their opponents and spectators by conducting themselves in a sporting manner. Gratuitous swearing, intimidation or misuse of equipment must not take place. A justified complaint can result in the withdrawal of a player's registration.

MEN'S, MIXED & LADIES' COMPETITION RULES

1. A men's team shall consist of three gents' couples. A mixed team shall consist of three mixed couples and a ladies' team shall consist of three ladies' couples. Each couple shall play one set against each opposing couple. Sets will be won by the first couple to get to six games, providing they have a two-game lead, otherwise at six all in a set a full normal tiebreak will be played to decide a final game.

2. All couples from each team must be involved in one of the first four sets of the match. Should a team's third pair to play be unavailable for the fourth set due to late arrival then the non-defaulting captain has the right to claim the fourth set at that point but not thereafter.

3. All matches must commence not later than 6.30pm on Mondays (men's), Tuesdays (mixed) and Wednesday or Thursday home slot (Ladies). Should any team fail to be ready for play by 6.30pm the non-defaulting captain has the right to claim the last set 6-0 before play commences but not thereafter. If play has not commenced on the second court by 6.45pm, the non-defaulting captain has the right to claim the penultimate set, (or the last set if play has already commenced on the first court) 6-0 at that time, but not thereafter.

If a third court is available for the whole match, play must commence no later than 7.15pm. If a team's third playing pair are unavailable due to late arrival then the non-defaulting captain has the right to claim this set at that point but not thereafter.

4. The points awarded shall be as follows: a match won 2 points; a match abandoned 1 point, unless a team is in a winning position when the result shall stand. (The result shall be determined by the aggregate sets won in the match).

5. Set difference is to count for the purpose of determining the position of each team in the League. In the event of a tie, the higher position will be awarded to the team having won most sets. In a further tie, the combined head-to-head scores of both matches will be taken into account and then combined games difference in those matches.

6. Should any question arise of courts being unfit for play, the decision shall be left to the opposing captains. If in the opinion of either captain, the courts are unfit for play the match is abandoned. Once a set has commenced, it must be completed unless both captains are in agreement. Players leaving the court without this agreement forfeit the set. If play stops due to courts or weather being unfit, then all players must wait for 20 minutes before the match is declared abandoned, unless both captains agree otherwise.

In abandoned matches, any sets played will count towards the set difference. It shall be the responsibility of the home team captain to inform the Match Secretary should a match be abandoned.

N.B. It is not expected that play shall continue in the rain. Any match not started by 7.15pm due to inclement weather shall be abandoned.

CECIL CHALLENGE CUP RULES IN THE MIXED LEAGUE

The entire control and management of the Competition shall be vested in the Tennis League Administrative Committee. The Competition shall be governed by the rules of the League with the following additions.

1. The cup shall be competed for annually on a handicap basis, and shall never become the absolute property of any club.

2. Entry to this competition is optional and clubs must make application to the League Secretary before the commencement of the League along with the Guarantee fees.

No fines will be levied for the scratching of a team from a cup competition providing that at least 48 hours' notice have been given to the opposition and the Match Secretary. The entry fee agreed at the AGM shall be forwarded direct to the League Treasurer along with the Guarantee fees, etc. If a Club scratches an entered team, then any player who has played 50% or more league matches for that team cannot play in a lower team.

3. The matches shall be arranged by means of a draw, and no team shall receive more than one bye in any one season. The preliminary, 1st and 2nd rounds are played in two sections. The entries shall be placed in rank order by the Committee and then divided into two sections.

4. Dates of matches shall be arranged by the Administrative Committee, and these fixtures shall be played as arranged and must not be deferred for rearrangement of League Matches.

5. (a) All Cecil Cup matches scheduled to be played on Sundays (start time 2pm) may be played on the preceding Thursday (start time 6.30pm) providing the team is indicated by an * in the list of clubs.

(b) If matches are not completed on the dates arranged, due to bad weather or other uncontrollable causes, the two teams shall make their own arrangements to complete their match within eight days.

6. The following shall apply to rounds prior to the final:

(a) Matches shall be played on the courts of the first drawn of each two teams.

(b) The home team shall be responsible for providing at least three new LTA nominated Dunlop balls per court for each match.

7. The following shall apply to the final tie:

(a) The match shall be played on neutral courts arranged by the Administrative Committee and if it is to be played in an evening, only a club which has three available courts shall be used.

(b) The captains shall toss for choice of acting home or visiting captain.

(c) An official of the League not representing one of the two clubs concerned, shall have the sole responsibility at the final to decide whether the conditions are suitable for play to commence and, if necessary, for the match to recommence after any hold-up or an appeal by the captain, providing that the official of the host club agrees that the courts are playable.

(d) Dates for rearrangements of the final shall be arranged by the Administrative Committee.

8. (a) No recognised higher team player is eligible to play in a lower team, but a lower team player can be played as a reserve for a higher team and will not become cup-tied. From and including the quarter finals, only those players who have played for their team or a lower team at least twice in the Mixed League, excluding Cup Matches, shall be eligible to play. If any team has a problem in meeting this requirement it must be referred to the Match Secretary prior to the match.

(b) Any player having made more than half of his/her appearances for one team shall not be eligible to play for a lower team after the preliminary and first round.

CECIL CUP HANDICAPS

The basis for this is as follows:

(a) For teams in different divisions, the lower team will receive a differential (51* less the total number of teams in the Mixed League Competition) plus one game per place which the lower team occupies below the top team.

NB This differential shall be halved if one of the two top teams in one division is playing one of the two bottom teams in the division immediately above them.

(b) For teams in the same division, the handicaps are based on a maximum of 28*.

(c) Handicaps are to be based on up-to-date results prior to each round, except for Preliminary Round matches, which should be based on the final tables for the preceding season, after adjustment for promotion and relegation.

(d) The match shall be determined by the aggregate games scored, after including the handicap. In the event of a drawn match, the receiving team receives half a game in addition to the handicap.

The winner of a set is the first to reach six games. There are no tie breaks

JUNIOR COMPETITION RULES

1. A team shall consist of two boys and two girls playing four mixed doubles sets, one boys' doubles set and one girls' doubles set. Sets will be won by the first couple to get six games, providing they have a two-game lead, otherwise the set will be completed after 12 games, with a tie-break being played at 6-6. Gender substitutes are permitted providing Match Rule 6 is respected. Girls may play as boys but only boys under 12 years of age (on 31st August) to play as a girl.

2. Mixed doubles must be played first.

3. All Matches must commence not later than 6.15pm on Friday evenings. Should any team fail to be ready for play by 6.15pm the non-defaulting team has the right to claim the last mixed set 6-0 before play commences but not thereafter. If play has not commenced on the second court by 6.30pm the non-defaulting team captain has the right to claim the penultimate mixed set 6-0 at that time but not thereafter. Knock-ups shall not exceed five minutes.

4. The points awarded shall be as follows:

A match won - three points; a match tied - two points; a match abandoned - one point unless a team is in a winning position, when the result shall stand (if one team has gained six sets they receive two points and their opponents one point), (the result shall be determined by the aggregate sets won in the match).

5. Set difference is to count for the purpose of determining the position of each team in the League. In the event of a tie, the higher position will be awarded to the team having won most sets. In a further tie, the combined head-to-head scores of both matches will be taken into account and then combined games difference in those matches.

6. Should any question arise of courts being unfit for play, the decision shall be left to the opposing captains. If in the opinion of either captain, the courts are unfit for play by one hour after scheduled start time the match shall be abandoned. In abandoned matches, any sets played will count towards the set difference. It shall be the responsibility of the home team captain to inform the Match Secretary should a match be abandoned.

7. All players registering for this competition must be under 18 years on the 31st August of the current year.

8. New players are allowed to register until the end of the season.

CHILD PROTECTION ACT

If your club has a Junior Section, you should have a Child Protection Policy. Lack of such a policy limits the sources of development funding available to your club and leaves your club unprotected should an incident covered by the legislation occur.

The League's policy is available on the Website. This may form a basis for a Club Policy but may need to cover other topics specific to your club. Assistance can be obtained from the Local Authority, Tennis Lancashire and some local Schools.
